## Commentary on Financials (y-o-y)

- Operating income: main effect from net interest income due to intra-group dividends
- General administrative expenses reconciliation due to intra-group charges

Following items are reported in Reconciliation:

- Reconciliation comprises consolidation adjustments to reconcile segments with Group results
- The financials of the reportable segments are shown after intra-segment items have been eliminated. However, the inter-segment items are consolidated and eliminated in the Reconciliation
- The main consolidation bookings carried out between segments are dividend payments to the head office, inter-segment revenues charged and expenses carried by the head office
- All other consolidation bookings that reconcile the totals of reported segments' profit or loss with the RBI Group financials are also eliminated in the Reconciliation
- Offsetting of intra-group charges resulting in a reduction of operating income and general admin. expenses in the Reconciliation
